

since 1981

*The first explorers of Mauritius variously labeled the Dodo: a wild turkey, a cassowary, a 'hooded swan', a booby and a 'bastard ostrich'. In fact, the Dodo was a large, flightless dove which primarily because of its gentle dove like qualities, became extinct in 1680. The Dodo (*Raphus cucullatus*) was without doubt the largest and strangest dove ever to have lived.*
